

Module **4**

Masterclass: **TOOLS TO DISCOVER EACH OTHER**

Friday 22 October
1 - 4 pm

COLLABORATIVE DEBATE

Learn alternatives to 'win or lose' scenarios

1 pm

Join **Margaret Hepworth** and **Uncle Shane Charles** in a Collaborative Debate on the campaign to change the date of Australia Day. Create open, constructive learning dialogues that replace the mentality of 'win or lose' scenarios. Uncover opportunities for respectful inquiry and reframe speculative narratives.

Australia Day was once proposed to be a 'Day of Mourning' by First Nations leaders in 1938. Could it be reconsidered as a 'National Day of Healing'? Consider First Peoples' wisdom in honoring the ancient remains of Mungo man and woman. Could Australia be celebrated as the world's 'cradle of civilisation'?

REFRAMING CONFLICT

Finding common ground in trust building

2.30 pm

Uncle Shane Charles and **Sarah Naarden** guide us in unlocking conflict and tensions, with tools to uncover each other's blind spots and hidden assumptions. Reframe challenge as opportunity, whilst recognising the unintended consequences of our actions.

Experience using tools for change, including practices around empathy, mentoring, and non-verbal communication to create new narratives for transformation.
